PHOTOGRAPHIC SAFARIS

DAWN IN SENTAWANA SAFARIS

The mystic silence of the Bushveld is your first impression of the African bush.

The only sounds that break the silence are those of the Swainson's francolin & the far away call of the Zebra enjoying an early morning dust bath.

The fresh smell of the morning heavily laden with dew mixes with the tingling sweet smell of the Acacia Thorn bush to become a stunning cocktail that overpowers all your senses & welcomes you to the magnificent but also invigorating experience of Africa.
